

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director  
Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water  
Room W264  
402 West Washington Street  
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : DR-431

Stream : Branch Creek

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried 3' below the creek bottom. The banks of the creek will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : Approximately 120'± northeast of the end of Jones Lake Rd.  
at Rome City, Orange Township, Noble County  
Section 7, T 35N, R 10E

Statute/Rule : "Ditch" Act, IC 14-26-5

Application # : DR-432

Lake : Jones Lake

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the proposed easement. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : The project is located where the properties of Reece, Whetstone, and Hudson meet in Orange Township, Noble County IN. Section 7, Township 35N, Range 10E.  
near Rome City, Orange Township, Noble County  
Section 7, T 35N, R 10E

Statute/Rule : "Ditch" Act, IC 14-26-5

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : DR-433

Lake : Waldron Lake

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004

Location : Approximately 1620'± from the intersection of Maplewood Drive and Waldron Drive. The ditch crossing will be the second crossing on Waldron Drive near Rome City, Elkhart Township, Noble County  
Section 13, T 35N, R 9E, Albion Quadrangle  
Quad Code: 4108544

Statute/Rule : "Ditch" Act, IC 14-26-5

Application # : DR-434

Lake : Jones Lake

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : Approximately 1050'± from the intersection of Maplewood Drive and Waldron Drive. The ditch crossing will be the first crossing on Waldron Drive near Rome City, Elkhart Township, Noble County  
Section 13, T 35N, R 9E

Statute/Rule : "Ditch" Act, IC 14-26-5

## 30 Day Public Notice Report

---

Application # : DR-435

Stream : Dry Run Creek

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 25, 2004.

Location : Beginning at C.R. 900N and C.R. 50E go North 0.1 miles on C.R. 50E to Steinbarger Lake Rd. Turn Left on Steinbarger Lake Rd. continue on Steinbarger Lake Rd for approximately 0.3 miles until creek crossing near Rome City, Orange Township, Noble County Section 18, T 35N, R 10E

Statute/Rule : "Ditch" Act, IC 14-26-5

Application # : DR-436

Stream : Elkhart River

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 6" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 25, 2004.

Location : Beginning at C.R. 150E and C.R. 1000N go west 1.9 miles to Eagle Island Road. Turn left (southwest) on Eagle Island Road and continue on Eagle Island Road approximately 0.4 miles to the Eagle Island Channel crossing near Rome City, Elkhart Township, Noble County Section 12, T 35N, R 9E

Statute/Rule : "Ditch" Act, IC 14-26-5

## 30 Day Public Notice Report

---

Application # : FW-23005

Stream : Tanners Creek

Applicant : Lawrenceburg Municipal Utility  
Charles M Davis  
405 Main Street  
PO Box 4198  
Lawrenceburg, IN 47025-4198

Description : The City of Lawrenceburg is replacing four existing force mains that carry groundwater/stormwater from the Remedial Pump Station (corner of Tate St. and Front St.) over the Lawrenceburg Levee to a discharge structure that drains to Tanner's Creek. Two of the existing force mains are 14-inch diameter from the pump station to the top of the levee then reduce to 12-inch diameter to the discharge structure. The remaining two existing force mains are 20-inch diameter from the pump station to the top of the levee, then reduce to 16-inch diameter to the discharge structure. The existing force mains are steel material, approximately 40 years old and have shown signs of leakage near the pump station. The City is in the process of upgrading the Remedial Pump Station and proposes to replace the force mains to avoid potential future leakage problems. The new pipes will be ductile iron material, with the same diameter, depth, and alignment as the original pipes. Details of the project are contained in information received electronically at the Division of Water on July 26, 2004 and September 10, 2004.

Location : Beginning approximately 130' west of the intersection of Front Street and Tate Street extending 365' to the east bank of Tanners Creek

DOWNSTREAM: at Lawrenceburg, Lawrenceburg Township, Dearborn County  
NW¼, SW¼, SW¼, Section 14, T 5N, R 1W, Lawrenceburg, KY-IN-OH  
Quadrangle

Quad Code: 3908417

UTM Coordinates: Downstream 4326825 North, 685375 East

UPSTREAM: Dearborn County

UTM Coordinates: Upstream 4326925 North, 685475 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

## 30 Day Public Notice Report

---

Application # : FW-23049

Stream : Tippecanoe River

Applicant : Kosciusko County  
Rob Labson  
100 West Center Street  
Warsaw, IN 46580-2873

Description : The existing bridge carrying Old U.S. 30 over the Tippecanoe River will be rehabilitated by removing and replacing the entire bridge deck. In addition, the steel beams will be cleaned and painted. The out-to-out width of the bridge will increase from 36'-4" to 30'-0". The road profile, low chord elevation and waterway opening will not change. Details of the project are contained in information and plans received at the Division of Water on August 19, 2004

Location : on Old U S 30 West crossing  
near Warsaw, Wayne Township, Kosciusko County  
SE¼, SW¼, SE¼, Section 2, T 32N, R 5E, Burket Quadrangle  
Quad Code: 4108528  
UTM Coordinates: Downstream 4566600 North, 591500 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : FW-23057

Stream : Little Elkhart River

Applicant : Town of Middlebury  
418 North Main Street  
PO Box 812  
Middlebury, IN 46540-0812

Description : A stormwater outfall structure will be constructed along the south bank of the Little Elkhart River to replace an existing open ditch located landward of the floodway. A 48" reinforced concrete outfall pipe will be placed in an existing channel and covered with 2.5' of backfill in the floodplain. The 800' long pipe will carry stormwater from the Bristol Avenue to the river. The pipe will terminate with a metal end section that will discharge into a riprap lined trapezoidal channel approximately 50' from the riverbank. Field attached safety bars will be placed at the end of the pipe. Details of the project are contained in information and plans received at the Division of Water on August 23, 2004.

Location : Approximately 500' downstream of the State Road 13 crossing  
at Middlebury, Middlebury Township, Elkhart County  
SE¼, NE¼, NW¼, Section 10, T 37N, R 7E, Middlebury Quadrangle  
Quad Code: 4108566

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : FW-23059

Stream : St. Joseph River

Applicant : Carroll James  
29607 River Shore Lane  
Elkhart, IN 46516-1228

Description : An existing concrete seawall 115' long will be refaced with 8 gauge steel sheet piling 8' long driven into the riverbed immediately streamward of the existing wall. The steel piling will be approximately 45" above the riverbed, will have a 4" x 4" angel iron top cap and anchored with 4' long steel sheet pile deadmen every 9 feet. It will be aligned with a neighboring wood wall immediately downstream. Additionally, the upstream remaining 113' of the existing wall will be covered with glacial field stone. Details of the project are contained in information and plans received at the Division of Water on August 30, 2004

Location : On the left (south) bank of the St. Joseph River approximately 11,000' downstream of the State Road 19 bridge crossing  
DOWNSTREAM: at Elkhart, Baugo Township, Elkhart County  
NE¼, NE¼, SW¼, Section 2, T 37N, R 4E, Osceola Quadrangle  
Quad Code: 4108661  
UTM Coordinates: Downstream 4615375 North, 580400 East  
UPSTREAM: Elkhart County

## 30 Day Public Notice Report

---

Application # : FW-23060

Stream : Kankakee River

Applicant : LaPorte County Drainage Board  
Christine J Keil  
Courthouse  
813 Lincolnway, Suite 101  
LaPorte, IN 46350-3400

Description : The proposed project on involves: cleaning out the existing sediment trap, and removing isolated sandbars upstream that are causing bank erosion. Spoils will be spread on the levee and will be and stabilized using an appropriate erosion control method. The approximate length of the site is 1320' and the approximate width is 40'. Details of the project are contained in information and plans received at the Division of Water on August 25,2004

Location : Beginning approximately 2000' north (upstream) of the County Road 525 South crossing and continuing upstream approximately 1320'  
DOWNSTREAM: near Mill Creek, Lincoln Township, LaPorte County  
NW¼, SW¼, SW¼, Section 27, T 36N, R 1W, Stillwell Quadrangle

## 30 Day Public Notice Report

---

Application # : FW-23062

Stream : Clear Creek

Applicant : Bob Bland  
700 Ransom Lane  
Bloomington, IN 47403-2062

Description : A 25' x 36.38' addition on the south (downstream) side of an existing building will be constructed in the right (west) overbank of Clear Creek. Additionally, a new 67' x 32' building will be constructed approximately 100' south (downstream) of the existing building. Existing asphalt paving will be removed and replaced with new paving surrounding the buildings. Two (2) small water quality retention ponds will be excavated approximately 4' deep and will discharge into the creek. Details of the project are contained in plans and information received at the Division of Water on August 31, 2004.

Location : Along the right (west) overbank of Clear Creek beginning at the 1st Street bridge and continuing downstream approximately 350'  
DOWNSTREAM: at Bloomington, Perry Township, Monroe County  
SW $\frac{1}{4}$ , SW $\frac{1}{4}$ , NW $\frac{1}{4}$ , Section 4, T 8N, R 1W, Bloomington Quadrangle

## 30 Day Public Notice Report

---

Application # : FW-23066

Lake : Golf Lake

Applicant : V3 Lake Hills, LLC  
7325 Janes Avenue  
Suite 100  
Woodbridge, IL 60517-2256

Description : The proposed residential subdivision will be developed along the shores of Golf Lake. Construction activities within the floodway will consist of: the construction of 5 sediment basins, placement of fill on two lots, the construction of an access walkway and floating fishing platform, and modifications to the existing drop inlet control structure. Details of the project are contained in information and plans received at the Division of Water on September 2, 2004

Location : At the spillway of Golf Lake, approximately 1400' upstream from the 85th Avenue stream crossing  
DOWNSTREAM: near St. John, St. John Township, Lake County  
NW¼, NE¼, NE¼, Section 28, T 35N, R 9W, St. John Quadrangle  
Quad Code: 4108744

## 30 Day Public Notice Report

---

Application # : FW-23068

Stream : Goose Creek

Applicant : Cass County Highway Department  
Jodi M Coblentz  
1251 North State Road 17 North  
Logansport, IN 46947-8763

Description : The existing steel beam encased in concrete bridge carrying Biddle Street over Goose Creek will be replaced with a new structure on essentially the same alignment. The new structure will be a single span precast concrete three (3) sided structure under fill with a span length of 31 ft. It will be square in shape with wingwalls in all four (4) quadrants and placed at a 50 degree left skew to align with the existing channel. The entire area under the structure and between the wingwalls will have revetment riprap over geotextile. The approach road will be essentially at the same elevation as the existing road. The existing bridge will be completely removed. Details of the project are contained in plans and information received at the Division of Water on September 3, 2004.

Location : At the Biddle Street bridge over Goose Creek  
near Logansport, Eel Township, Cass County  
NE¼, NE¼, SE¼, Section 35, T 27N, R 1E, Anoka Quadrangle  
Quad Code: 4008663

## 30 Day Public Notice Report

---

Application # : FW-23069

Stream : Campbells Run

Applicant : \*Indiana Department of Transportation  
Carole Korbly Scott  
100 North Senate Avenue, Room N642  
Indianapolis, IN 46204-2249

Description : The existing reinforced concrete arch bridge carrying State Road 26 over Campbell's Run will be rehabilitated and widened by removing the deck, spandrel walls, bridge rails and wingwalls and constructing a new reinforced concrete bridge slab and widened approach slabs. New spandrel walls will be constructed and fill placed between the walls. The existing abutment footings and concrete arch ring will be expanded. New bridge rails, guardrail, wingwalls and riprap will be installed. Silt buildup in the channel under the bridge will be removed. Details of the project are contained in plans and information received at the Division of Water on September 3, 2004.

Location : At the State Road 26 bridge over Campbell's Run  
near Rossville, Ross Township, Clinton County  
NW¼, NW¼, NE¼, Section 26, T 23N, R 2W, Rossville Quadrangle  
Quad Code: 4008645

## 30 Day Public Notice Report

---

Application # : FW-23070

Lake : Sweetwater Lake

Applicant : Max L Mouser  
9511 East 96th Street  
Indianapolis, IN 46256-9346

Description : An existing 30' wide channel (approximately) along lots SW-307 and 308 located on the shore of Sweetwater Lake will undergo maintenance dredging along approximately 150' of the shoreline. Approximately 8' of accumulated muck and debris will be removed from the lake bed by dredging to a depth of 9' below the average normal level of the lake at a distance of 15' from the shoreline and uniformly sloping back to the average normal level at the shoreline. The excavated material will be transported to an upland containment area for dewatering and disposal. Water from the containment area will not be allowed to return to the lake. Details of the project are contained in information received electronically at the Division of Water on September 1, 2004.

Location : 7440 Grizzley Drive; lots 307 and 308, approximately 300' southwest of the Center Lake Road and Grizzley Drive intersection  
DOWNSTREAM: near Nineveh, Hamblen Township, Brown County  
SE¼, NE¼, NE¼, Section 18, T 10N, R 4E, Nineveh Quadrangle  
Quad Code: 3908631  
UTM Coordinates: Downstream 4351425 North, 575575 East  
UPSTREAM: Brown County

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

## 30 Day Public Notice Report

---

Application # : FW-23071

Stream : Maumee River

Applicant : City of Fort Wayne, City Utilities  
Greg Meszaros  
One Main Street, Room 280  
Fort Wayne, IN 46802-1803

Description : A stormwater outfall structure will be constructed on the right (southwest) bank of the Maumee River. A 42" diameter reinforced concrete outfall pipe will terminate with a gabion headwall, wingwalls and apron. Flow from the pipe will discharge into a 12' wide channel approximately 150' long consisting of 96' of 10" - 14" shot rock and 54' of reno mattress. Details of the project are contained in plans and information received at the Division of Water on September 7, 2004.

Location : On the right (southwest) bank of the Maumee River approximately 700' upstream of the Anthony Boulevard bridge  
at Fort Wayne, Wayne Township, Allen County  
NE¼, NE¼, SE¼, Section 1, T 30N, R 12E, Fort Wayne East Quadrangle  
Quad Code: 4108511

Application # : FW-23072

Stream : Lowther Neuhaus Ditch

Applicant : Lougheed & Associates  
Scott Lougheed  
1017 South Hadley Road  
Fort Wayne, IN 46804-5535

Description : Approximately 225' of the existing ditch will be moved about 50' north by excavating along the north bank and using the excavated material to fill along the south bank to allow construction of a right turn lane for West State Boulevard. An existing 72" diameter RCP culvert is to be extended about 55' in the fill with riprap at the outlet. Also, 200' of 12" diameter storm sewer pipe will be installed as an outlet for a detention basin landward of the floodway and 73' of 15" diameter new storm sewer pipe will be installed to provide continued existing drainage to the relocated ditch. Details of the project are contained in plans and information received at the Division of Water on September 7, 2004.

Location : At the West State Boulevard streamcrossing over Lowther Neuhaus Ditch at Fort Wayne, Washington Township, Allen County  
SW¼, SE¼, NW¼, Section 33, T 31N, R 12E, Fort Wayne West Quadrangle  
Quad Code: 4108512

## 30 Day Public Notice Report

---

Application # : FW-23073

Stream : Hurricane Creek

Applicant : ANR Pipeline Company  
Mark Johnson  
9 Greenway Plaza, Suite 1666  
Houston, TX 77046-0910

Description : Approximately 100' of the left (west) streambank and hillside is to be stabilized to protect the integrity of two (2) 30" diameter natural gas pipelines. Drainage tile will be installed in the existing pipeline trenches to channel subsurface water flow down the hillside and the area then regraded to a 2.5:1 slope. Additionally, approximately 40 - 60 cubic yards of material will be excavated along the streambank in order to install approximately 100 gabion baskets in three (3) tiers with the baskets keyed into the streambed and bank. The baskets will be placed over geotextile fabric and gaps between the baskets will be filled with stone. An approximate 40' X 11' sediment deposit along the right (east) side of the stream will be excavated to return the channel to its original cross-sectional area. Two (2) access roads at grade consisting of either a gravel lane or dirt road will be required to complete the project. The streambank and hillside will be re-vegetated using native plant species. Details of the project are contained in plans and information received at the Division of Water on September 7, 2004.

Location : Along approximately 100' of Hurricane Creek approximately 4000' upstream of the confluence with South Branch Salt Creek  
near New Bellsville, Van Buren Township, Brown County  
SW $\frac{1}{4}$ , NW $\frac{1}{4}$ , NW $\frac{1}{4}$ , Section 20, T 8N, R 4E, Waymansville Quadrangle  
Quad Code: 3908611  
UTM Coordinates: Downstream 4330200 North, 576350 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : FW-23076

Stream : Hurricane Creek

Applicant : Johnson County Commissioners  
Andrew J Wortkoetter, PE  
1051 Hospital Road  
Franklin, IN 46131-9025

Description : The superstructure of the existing single-span bridge carrying Monroe Street over Hurricane Creek will be rehabilitated and widened to satisfy INDOT and AASHTO requirements. The 32' deck will be increased by extending only the copings upstream and downstream 1.25' thereby increasing the out-to-out width to 34.5'. The adjacent box beams will be replaced, but not increased in number. The approach roads will not be raised and there will be minimal or no work in the channel. This project will be constructed as a "Design/Build project," and will not be federally funded. Details of the project are contained in information received electronically at the Division of Water on September 15, 2004.

Location : At the Monroe Street stream crossing  
at Franklin, Franklin Township, Johnson County  
SW¼, SE¼, SE¼, Section 14, T 12N, R 4E, Franklin Quadrangle  
Quad Code: 3908641  
UTM Coordinates: Downstream 4370430 North, 581780 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

# Indiana Department of Natural Resources / Division of Water

## 30 Day Public Notice Report

---

Application # : FW-23078

Stream : Branch Creek

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried 3' below the creek bottom. The banks of the creek will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : Approximately 120'± northeast of the end of Jones Lake Rd.  
  
near Rome City, Orange Township, Noble County  
Section 7, T 35N, R 10E

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Application # : FW-23079

Stream : Dry Run Ditch

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 4" diameter sanitary sewage vacuum main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the ditch will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 25, 2004.

Location : Approximately 120'± northeast of the end of Jones Lake Rd.  
near Rome City, Orange Township, Noble County  
Section 18, T 35N, R 10E

## 30 Day Public Notice Report

---

Application # : FW-23080

Stream : Boyd Ditch

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 6" diameter sanitary sewage effluent pressure main. Pipe to be buried a minimum of 3' below the ditch bottom. The banks of the creek will be stabilized with rip-rap following the completion of the effluent pressure main to prevent soil erosion and bank deterioration. Construction will be confined to the road right-of-way. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : Approximately 1.3 miles west of the intersection of C.R. 100W and C.R. 900N near Rome City, Orange Township, Noble County  
Section 15, T 35N, R 9E

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

## 30 Day Public Notice Report

---

Application # : FW-23081

Stream : Koester Ditch

Applicant : Bonar Group  
Corey A Williams  
1700 Magnavox Way, Suite 110  
Fort Wayne, IN 46804-1552

Description : A 50 ft x 500 ft area will be filled in the east floodplain of the Koester Ditch for the construction of an access road to a commercial development. The fill will vary in depth from 6" on the landward side to approximately 5 ft on the streamward side. It will be set 80-100 ft back from the top of the bank and will have 3:1 sideslopes. The finished elevation of the fill will be 774 ft, NGVD. The access road will be constructed on top of the completed fill. The fill material will be obtained by excavating a borrow pit approximately 1500 ft south of the fill area. The pit will be approximately 85 ft x 295 ft with an average depth of 3 ft. Details of the project are contained in information received electronically at the Division of Water on September 16, 2004.

Location : This project is located on the south side of Maysville Road in Allen County, Indiana. It is approximately 2200 feet southwesterly from the intersection of I-469. in St. Joseph Township. This access road will parallel the Koester ditch approximately 200' to the Northeasterly of it.  
At Fort Wayne, St. Joseph Township, Allen County  
Section 24, T 31N, R 13E

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

## 30 Day Public Notice Report

---

Application # : PL-19937

Lake : Webster Lake

Applicant : John R and Darlene K Stewart  
4015 Augusta Lane  
Elkhart, IN 46517-3859

Description : A concrete seawall will be constructed across 250' of the applicant's frontage. The lakeward face of the wall will be located along the lake's legal shoreline. The seawall will be connected to existing seawalls on the adjacent properties. Details of the project are contained in information and plans received at the Division of Water on August 6, 2004.

Location : 901 East Willis Park Road, Lot 18  
near North Webster, Tippecanoe Township, Kosciusko County  
SW $\frac{1}{4}$ , NW $\frac{1}{4}$ , NW $\frac{1}{4}$ , Section 14, T 33N, R 7E, North Webster Quadrangle  
Quad Code: 4108536  
UTM Coordinates: Downstream 4575073 North, 609669 East

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-19941

Lake : Big Chapman Lake

Applicant : Michael Pretorius  
424 South State Road 115  
Wabash, IN 46992-8486

Description : A reface layer of glacial stone will be placed along 70' of the lakeward face of an existing 70' concrete seawall. A 12" layer of glacial stone will be placed at the base of the seawall for toe protection. Details of the project are contained in information and plans received at the Division of Water on August 11, 2004

Location : #47 EMS C24C, Lot #7, Osborne Bayshore Subdivision  
  
near Wabash, Plain Township, Kosciusko County  
SW $\frac{1}{4}$ , SE $\frac{1}{4}$ , SW $\frac{1}{4}$ , Section 26, T 33N, R 6E, Leesburg Quadrangle  
Quad Code: 4108537

Application # : PL-19980

Lake : Waldron Lake

Applicant : West Lakes Regional Sewer District  
Jim McLaughlin  
46 West Waldron Drive  
Wawaka, IN 46794-9743

Description : Proposed project involves the construction of a 6" diameter sanitary sewage vacuum main and the construction of a 6" diameter sanitary sewage pressure main. Pipes to be buried a minimum of 3' below the channel bottom. The banks of the channel will be stabilized with rip-rap following the completion of the vacuum sewer to prevent soil erosion and bank deterioration. Construction will be confined to the proposed easement. Plans, specifications and photographs are enclosed in the application package. Details of the project are contained in information received electronically at the Division of Water on August 24, 2004.

Location : Approximately 100'± east of the end of Lakeview Drive in orange Township, Noble County IN. Section 18, Township 35N, Range 10E.  
near Rome City, Orange Township, Noble County  
T 35N, R 10E

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

# Indiana Department of Natural Resources / Division of Water
